It is a great pleasure that I am writing this letter for Himesh Ravi who completed his internship as Web Developer at Cultural Infusion from 16/05/2017 to 07/09/2017.

As the Web Developer, Himesh Ravi assisted with the following tasks:

- Leading custom web development throughout the entire project life cycle
- Building Cultural Infusion's wiki page
- Web developing of application architecture, design input, site layout/user interface
- Database design/programming
- .NET development

Himesh Ravi is a hardworking, attentive, and completed all of his tasks effectively and efficiently. He integrated well into our workplace very quickly and established a very good working relationship with all team members and also within the organisation within a short time.

We are sad to see him leave but I highly recommend Himesh Ravi for similar positions and am happy to provide more information if required.

Yours sincerely,

Rezza Moieni
Project Director

7/9/2017
